

The diagram shows a white envelope with a light blue gripper edge on the left and right sides, and a magenta 2 mm bleed area at the very edges. A vertical double-headed arrow on the left indicates a height of 'ca. 42 mm' for the top flap. A horizontal double-headed arrow at the bottom left indicates a width of '8 mm' for the gripper edge. The text 'Back Shutter Self Adhesive' is centered on the back of the envelope. Below this, the text 'Envelope DIN long' is followed by the final product size (220 mm x 110 mm) and document size (224 mm x 114 mm). A legend at the bottom identifies the light blue as 'Gripper Edge (8 mm)' and the magenta as '2 mm Bleed'. A black banner at the bottom states that the execution of the flaps may differ slightly depending on the fabrication.

ca. 42 mm

Back Shutter Self Adhesive

Envelope DIN long

Final Product Size (closed):

220 mm x 110 mm

Document Size:

224 mm x 114 mm

 Gripper Edge (8 mm)

 2 mm Bleed

The execution of the flaps may differ slightly depending on the fabrication
